"Time was, when folks said—If you don't find it at 'Calisher's,' it's not to be had—That was before the disastrous fire, in which Calishers, as well as El Paso, suffered a severe loss, and the inevitable aftermath, building, loss of time, and many unforeseen difficulties, which we have gradually overcome with much patience and untiring energy—until now the 'Store of Quality' is again the Calishers of old—the pride of El Paso and the mecca toward which all El Paso turns in the quest of merchandise of a dependable character at the lowest price, coupled with utmost courtesy and instant service. ASSERTS THERE IS NO BIBLICAL STORY FOR FINAL JUDGEMENT DAY

Philadelphia, Pa., April 19.—That there is no biblical foundation for the story of the final day of judgement, was declared by professor Paul Haupt, of Johns Hopkins university in an address before the American Philosophical society.

The book of Zachariah, which Jews as well as Christians give as authority for the description of the last judgement, he said, "refers merely to a municipal plan for improvement laid out by the Macabees. The poetic and fanciful language of the scriptural scribes has been misinterpreted."

### EDITOR NOT GUILTY IN CONTEMPT CASE

Missouri Commissioner Reports to Supreme Court That William R. Nelson—

Jefferson City, Mo., April 19.—Wm. R. Nelson, editor and owner of the Kansas City Star, was not guilty of malice in the publication of the article for which he was adjudged guilty of contempt of court and sentenced to a day in jail last February by circuit judge Joseph E. Guthrie. The article itself was "substantially true" and "unless in the court's opinion the article is itself contemptuous," the petitioner should be discharged.

There were the findings reported to the Missouri supreme court today by its commissioner in the case, Chas. C. Crow, of Kansas City.

The article complained of stated that Judge Guthrie had refused to dismiss the divorce suit of Minnie L. against Claude F. Clevinger until attorney's fees were paid and that the refusal came after the Clevingers had been recommended out of court and asked the dismissal of the case.

"Your commissioner finds," says the report, "from the evidence submitted and considered that the article referred to was substantially true, and as nearly a correct report of court proceedings as could be expected from a layman, and the experience of your commissioner is that many lawyers would have made as many errors as appear in this article."

The author of this article complained of, Mr. Murphy, was a layman, and moreover even had been learned in the law, he would have been of the opinion that the order in the Clevinger case was unusual in that it imposed conditions on the right of the plaintiff to dismiss a suit for divorce.

The ordinary cost of a Want Ad in the El Paso Herald is 25 cents. It reaches an average of about 70,000 readers each issue.

### EXECUTIVE SESSION OF COUNCIL IS HELD

Saturday morning those who now hold positions with the city sat and wondered, while the members of the city council and the mayor held an executive session in the mayor's office. This afternoon is the time for the announcements of city appointments.

Aside from the reappointment of police chief L. N. Davis, the appointments of the two captains, and two sergeants, and probably exalderman Percy McGhee as manager of the city water works, it is not believed that the mayor will announce any further appointments at this time.

The city council as a whole is expected to appoint the city attorney, clerk, engineer, plumbing and meter inspector and city electrician.

Sewer commissioner J. W. Hadlock stated Saturday morning that the mayor told him he would be reappointed. Street commissioner J. W. Brady, it is rumored, will also hold his job.
